The Sea Coast Echo

BAY ST. LOUIS, MISS., FRIDAY, NOVEMBER 21, 1952

Observations...

By UDELL

The Hancock County Chamber of Commerce is starting its annual membership drive... Have you sent your check for your dues in yet? If you haven't be sure to do so today, because your participation in this organization means a lot to the community...

Parents of members of the Bay High band and those interested in promoting finer school bands in Bay St. Louis have been invited to attend the initial meeting of the Band Auxiliary Monday, November 24, at 8:00 p. m. Plans will be made at this meeting, which will be held in the auditorium, for the coming year.

Next week, in order that our staff might enjoy Thanksgiving Day at home with their families, we will print the November 28th issue of THE ECHO on Wednesday... If you have any news for the paper, we would like to have it in by Tuesday afternoon or early Wednesday morning... Your cooperation in this matter will be appreciated.

Bay St. Louis suffered the loss of one of its most esteemed and kindest citizens Monday in the death of Mrs. W. L. Bourgeois... She was always ready and willing to help her fellow man and was an ardent worker in her church... We wish to extend our sincere sympathy to the family of this beloved citizen.

In this issue, we are printing a letter regarding the future of the present bridge, from Howard LeTissier which gives a little food for thought.

In these days, when we complain about every little trial and hardship that comes our way, it would do us good to think about all the blessings we have received and how fortunate we are to be free... One of our subscribers sent us the following poem which tells us to count our blessings and be happy with what we have because there are others in the world who are not so fortunate.

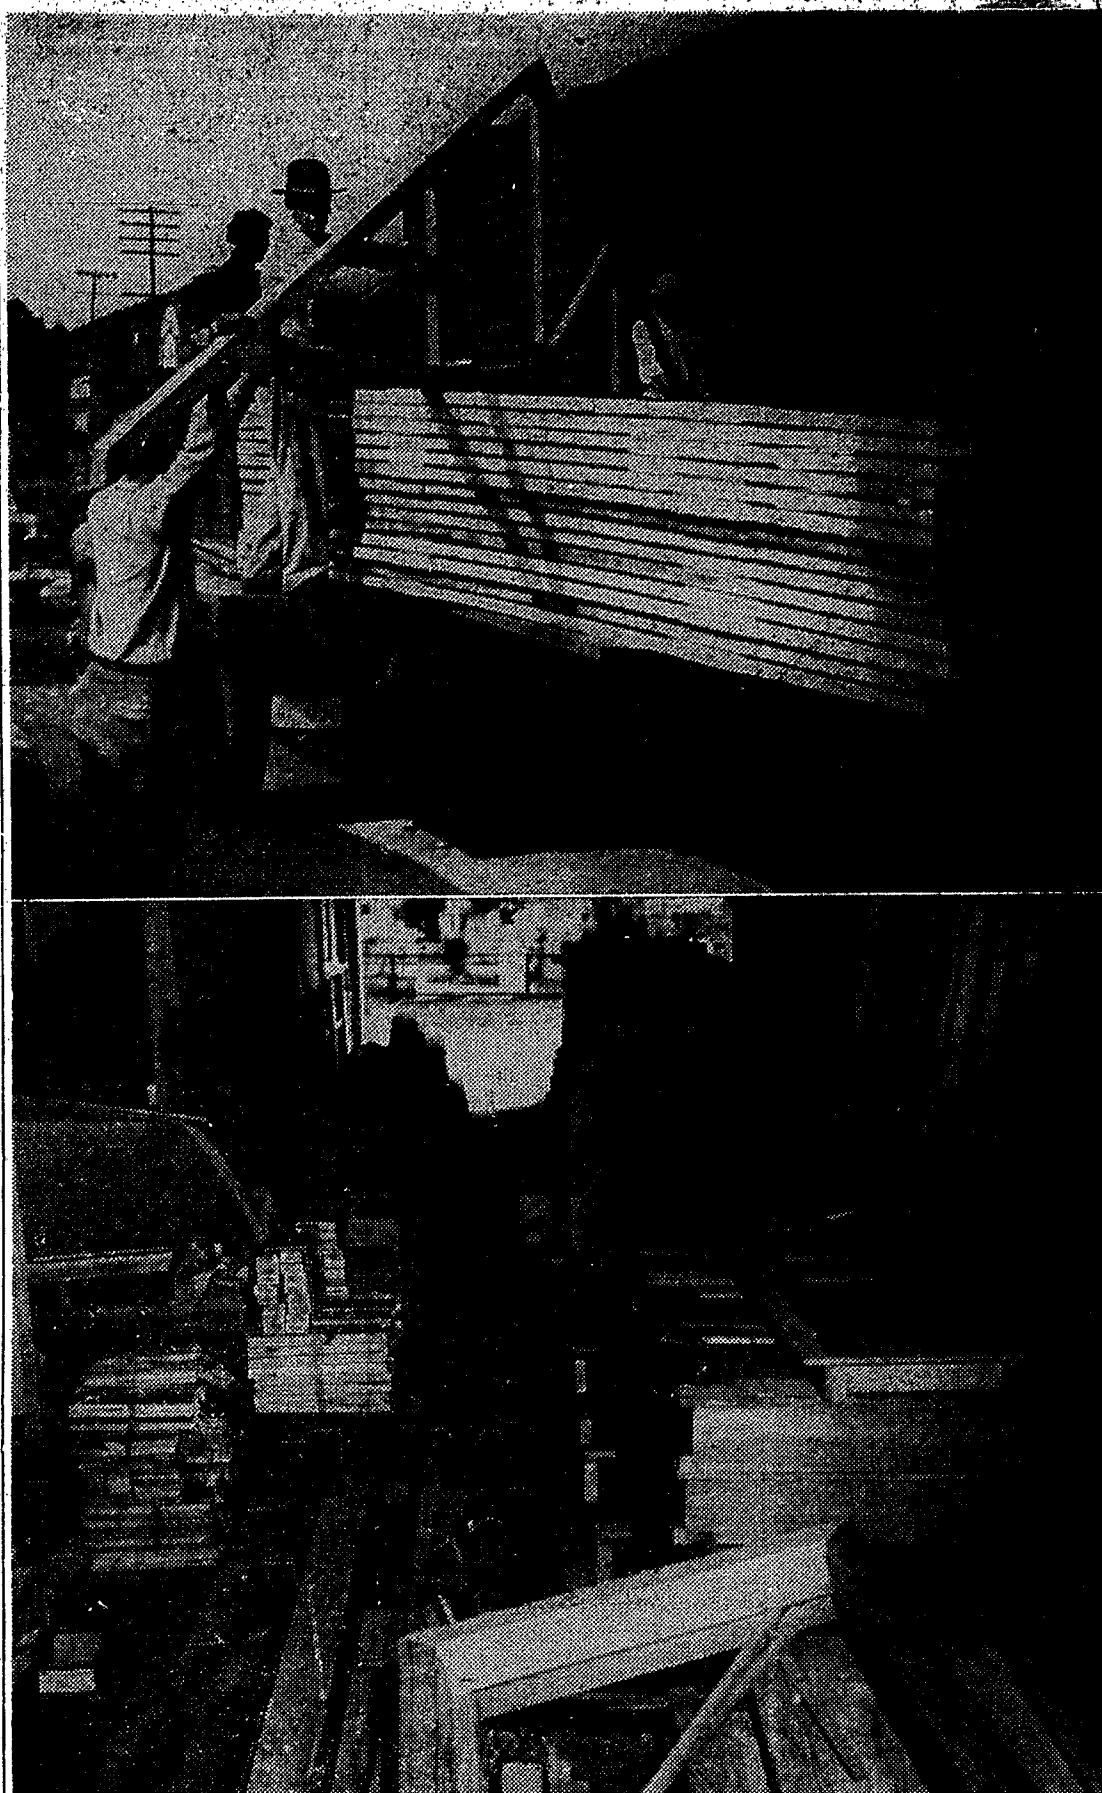

THE WORLD IS MINE
Today, upon a bus, I saw
A lovely maid with golden hair.
I envied her, for she seemed so
gay.
I wished that I might be as fair;
And then when suddenly she
rose to leave,
I saw her hobble down the aisle;
She had one foot, and wore a
crutch.
But as she passed, she had a
smile.
Oh, God forgive me when I
whine—
I had two feet—the world is
mine!

And when I stopped to buy some
sweets,
The lad who sold them had such
charm,
I talked to him—he said to me,
"It's nice to talk to one like you
You see," he meekly said, "I'm
blind."
Oh, God, forgive me when I
whine—
I had two eyes—the world is
mine!
Then, walking down the street,
I saw
A little boy with eyes of blue.
He stood and watched the others
play;
It seemed he knew not what to
do.
I stopped a moment, and then
said,
"Why don't you join the others,
dear?"
He looked ahead without a word.
And then I knew he could not
hear.
Oh, God, forgive me when I
whine—
I had two ears the world is
mine!

With feet to take me where I go,
With eyes to see the sunset's
glow,
With ears to hear what I would
know—
Oh, God forgive me when I
whine—
I'm blessed, indeed. The world
is mine!

Clarence C. Hava Receives Promotion

U. S. Naval Air Station, Jacksonville, Fla., (FHTNC)—It is an advancement to rate to aviation electronics technician third class for Clarence C. Hava, USN, of 218 Nicholson avenue, Waveland, Miss., serving here with Patrol Squadron 3. The advancement is a result of competitive examinations conducted this summer on all ships and Naval establishments throughout the world.

W. A. McDonald & Sons shipped two prefabricated houses to Mexico, Missouri, just north of St. Louis, by L & N Railroad, Tuesday, November 18.

These houses, which are 24 x 32 feet, were packed into one freight car. The various sections, gables, doors, windows, cabinets, etc., were packed, and when they reach their destination they will be erected into two bedroom houses, with the usual other rooms.

The structures, which took a month to build in the McDonald mill, are fabricated and cut even to the hanging of the doors and the placing of hardware. The only work that has to be done, after they are set up is the application of the finished shingle siding, the roof and interior plaster board walls.

If these pre-fabricated houses are successful, it is hoped that they will be instrumental in leading to a new business which will mean another payroll for Bay St. Louis.

In the top picture above, employees of McDonald's are shown loading gables onto the freight car. In the photo below, windows, doors, cabinets and other parts of the houses are shown in the mill ready to ship.

ACP Concentrates On Programs

Just what soil and water conservation practice or practices can be carried out that will do most to check erosion and deterioration and make the land more productive?

That is a question that farmers are asking themselves as they check their farms with their PMA community committeemen, to determine their needed conservation. All of the conservation needs of the farm are being considered and the Agricultural Conservation Program will be centered on those that are most needed.

As Fitzhugh Lee, Chairman of the Hancock County PMA Committee, explains the current effort, where erosion is taking a heavy toll of the top soil, program assistance will be taken to check this waste. Where both water and soil are being wasted through heavy runoff, practices will be directed at this problem.

The chairman stresses that ACP practices will be aimed at increased production to assure the needed food and fiber for the Nation's rapidly increasing population. This production, he points out must come largely from the acres now being farmed, and the program is a means to this end.

Mrs. Abigail Chadwick Bourgeois, 73, wife of W. L. Bourgeois of Bay St. Louis, died at Memorial hospital, Gulfport, Monday November 17, at 6:35 p. m. following an illness of several weeks.

Mrs. Bourgeois, the daughter of the late Mary Gilmore and Major Charles Douglas Chadwick, was well-known in Bay St. Louis for her many acts of charity. She was awarded the silver cup by the local Rotary Club in 1927 as the citizen of Bay St. Louis performing the most outstanding and meritorious service for the year. Mrs. Bourgeois dedicated her life to service, doing for others and the general community in the most unselfish manner.

Mr. and Mrs. Bourgeois were married 54 years.

Funeral services, conducted by Fahey Funeral Home, were held from the late residence, 207 Union street, Tuesday, November 18, at 3:30 p. m. Religious services were held at the First Methodist church with Rev. C. S. Schultz, Rev. H. Bufkin Oliver and Rev. Charles R. Johnson officiating. Interment was in Cedar Rest Cemetery.

Fallbearers were her grandsons, Kenneth, W. L. II, Jack and Bruce Bourgeois, William Smith and Edward Murtigh.

In addition to her husband, Mrs. Bourgeois is survived by her daughters, Mrs. Charles A. Breath Jr., and Mrs. L. A. Rogers; her sons, William Douglas, Daniel E. Hugh R. and Paul C.; 17 grandchildren and seven great grandchildren.

Mrs. A. Koeniger Dies at Hospital

Mrs. Andrea Caillier Koeniger, 58, died at King's Daughters hospital Wednesday, November 19, at 4:00 p. m.

Mrs. Koeniger, wife of the late Fred A. Koeniger, was the daughter of the late Aline Mader and Albert Caillier. She resided at 636 North Beach.

Her remains were taken by Fahey Funeral Home to the P. J. McMahon and Sons Funeral Home for final rites Thursday afternoon. Interment was in Hope Mausoleum.

Mrs. Koeniger is survived by a daughter, Miss Sybil Koeniger, of Bay St. Louis; two sisters, Mrs. Amelia Rainey and Mrs. Mercedes Fuch; and two brothers, Robert S. and Albert Caillier.

Colmer Says REA Is Best Program In Over 2,000 Members Attend Meeting Nov.

Mrs. T. J. Whitfield, Route 3, Piquette, was the winner of the Frigidaire electric range, grand prize awarded at the meeting of the Coast Electric Power Association Saturday, November 15.

Honorable William M. Colmer, Representative of the 6th District, who was introduced by Robert L. Genin, Coast Electric Association's president, complimented the board of directors and local manager for the Association's service, at a nominal cost, to Hancock, Harrison and River counties.

The speaker said that, in his 20 years in the Legislature, the most beneficial piece of legislation ever enacted in this state for all time, for the interest of the rural people and the common country was the Rural Electrification Program. He added that the Sixth District is the most highly electrified rural section in Mississippi.

Lions Sponsor Annual Flea-Fly Classic Dec. 5 at Stanislaus Stadium

S. J. Ingram Tells Rotary of Planned Building Program

A committee was appointed by Rotary President Ben Hill to select a team of Rotarians to participate in the Donkey Basketball game at Bay High auditorium, Tuesday, December 2.

Lambert T. Boyd, Henry Osolnack and Mr. Hill were selected. Professor S. J. Ingram, Superintendent of Public Schools, who was in charge of the program, said that additional facilities were needed at the local public school.

He added that specifications have been completed for almost a year, but officials were awaiting the outcome of a report of the Legislative Educational Study Group appointed by the Governor to study the school systems in Alabama, Georgia and South Carolina and recommend to the state Legislature just how far the State would go on a building program and readjustment of teachers' salaries.

Members of the committee, Professor Ingram said, were appointed from the House and Senate, to work with Governor White and Lt.-Governor Carroll Garlin.

An allocation of \$12,000 was made by the State Building Commission recently for the proposed school building. The present school, with 15 classrooms, house 620 students, averaging 40 to 45 pupils per room.

"We have to look after the education of our children," Professor Ingram continued, "but at the same time, we have to look out for our people who pay taxes; so if the State will enter our building program, we will be ready." The educator added that contracts for the new building could be let within 30 days after the additional funds are secured.

The speaker said that there are 1756 educable children in Bay St. Louis, and that there are 2038 children in the local schools. Deducting the number of boarding students, it still leaves over 1400 children from this city in schools. There are 2900 school districts in the state.

"The 1910 census showed more educable children in Mississippi than we have today," Mr. Ingram concluded.

CHURCHES PLAN THANKSGIVING SERVICES

Members of the Methodist, Episcopal and Baptist churches of Bay St. Louis will hold a Thanksgiving service at the First Baptist church, Wednesday, November 26, at 7:00 p. m.

Rev. C. S. Schultz, pastor of the First Methodist church, will bring the message.

The combined choirs of the three churches will sing.

The annual Stanislaus "Flea-Fly" game will be sponsored this year by the Bay St. Louis Lions Club in the first of their annual Lions Bowl games for the Bay area.

The "pee-wee" teams usually meet on Thanksgiving day; but this year Stanislaus students voted to start their holidays on the Wednesday preceding Thanksgiving.

Coach Farley Day reports that the 50-100 pound football players have unusually good teams this year and will put up a good scrap. The entire proceeds will be devoted to charity funds, as the Lions' share will go into their sight conservation program, while the college's portion will go into Brother Peter's Charity Fund.

Football committee chairman Earl Raymond reports that a full program has been prepared for the Bowl Game. A queen will be selected from the Bay High seniors, with eligibility being based on the girls selling the most tickets; the king will be chosen from the Stanislaus Rockchaws. The queen will have two maids from Bay St. High and two maids from St. Joseph Academy, all picked by student vote. Dukes will be selected from Bay High and St. Stanislaus, also nominated by student vote.

The chairman has announced that the queen for the 1953 bowl will be chosen from St. Joseph Academy, while the king will come from Bay High.

Plans for the 1952 bowl, include two bands, a military drill team, crowning of the queen by a prominent resident, gifts for the queen and court, and a concession stand operated by the Club and local Boy Scouts.

All members of the local Lions Club have specific duties with Lion Raymond as co-ordinator and chairman.

Father of Local Residents Expires

William P. McGinty, father of Mrs. Julius G. Schwall and Patrick E. McGinty of Bay St. Louis, died at his home, 8731 Pritchard Place, New Orleans, Monday, November 17, at 8:00 p. m.

Mr. McGinty, 65, a native and resident of New Orleans, was the son of the late Elizabeth Williams and William P. McGinty. Following many years of employment by the New Orleans Public Service, Mr. McGinty retired.

Funeral services were held from the Lietz-Eagan Funeral Home Wednesday, November 19, at 2:45 p. m. with religious services at St. Alphonsus church. Interment was in Greenwood cemetery.

In addition to his children, Mr. McGinty is survived by his wife, the former Irene Anderson; his stepchildren, Mrs. John Banner and Louis D. Sillars; four sisters, Mrs. Anita Ackerman, Mrs. J. L. McManus, Mrs. Charles Gallagher and Mrs. A. P. Barnes; and a brother, James T. McGinty.

Knights Hold Memorial Services

Commemorative services for departed members were held Monday night, November 17, by the Pers LeDuc Council 1522 of the Knights of Columbus at the K. C. Hall.

Members who died during the past year were A. G. Favre, Sr., and Henry J. Tudury. Fred Herlihy eulogized Mr. Favre, and the eulogy of Mr. Tudury was given by Charles Scianna.

Rev. Father Williams, S. V. D., of St. Augustine's Seminary was guest speaker.

Approximately 80 members, Monsignor A. J. Gmelch, Chaplain and Rev. Fathers Patrick Grant and John Robinson, attended.

Health Officials To Attend Meet

Roadside Park Dedicated Thursday

On Thursday, November 13, the Roadside Park for Hancock County was officially dedicated to the County. This Park, situated on Highway 90 about 12 miles west of Bay St. Louis, was sponsored by the Bay-Waveland Garden Club, and built by the State Highway Department.

A motorcade which started at Reed hotel, with an official escort of State Highway patrol cars, traveled to the site, and Mrs. W. B. Balar, chairman of the dedication ceremonies, welcomed the official guests, as well as the members of the Garden Club present.

Among the distinguished guests present for the afternoon were State Highway Commissioner John Smith, State Landscape Engineer, A. O. Holmes, District Superintendent Virgil Murray, representing Bay St. Louis were Mayor Warren Carver, Commissioner Sylvan Ladner and Ben Hill, president of the Rotary Club.

Mrs. Tom Adams, now of Tulsa Oklahoma, formerly of Pass Christian, and the person through whose efforts the Park was realized, was also a guest of the afternoon.

Mr. Smith and Mr. Holmes made the dedication orations, with short addresses following.

from Mayor Carver and Commissioner Ladner. The introductions of the guests were made by Mrs. George Lehlthier, first vice-president of the Garden Club, functioning in the absence of the club president Mrs. Walter Hava.

Following the dedication services, the motorcade returned to Bay St. Louis and members of the Garden Club gathered at the home of Mrs. N. L. Carter for the regular monthly meeting. Following a brief business discussion, a social hour was enjoyed by members and their guests.

"The foundation of our great country is the thing that has made of the world a better place, the enjoyment of the fruits of the country, the service of our fellow man."

Congressman Colmer he voted for the Rural Electrification Act, which made rural electricity available to the people of the country. He has been a champion of the use of electricity in the rural areas of this great country. He has added to the peace of the world."

THANKSGIVING

We, in the United States, have much for which to be thankful. We should bend our knees in prayer, thanking God Almighty for the many gifts that he has bestowed on this country—a country blessed with more material wealth than any other country in the world.

We should be thankful to God for having inspired the writers and signers of the American Declaration of Independence in holding that all men are created equal; that they are endowed by their Creator with certain inalienable rights; that among these are life, liberty and the pursuit of happiness. Upon these principles our government was founded and has continued to exist—a government which gives to its people the right of free speech, freedom of the press and freedom of their religion.

We should thank God that we are not governed by men who do not believe that there is a God above them.

Now, that we are once again fighting to preserve our freedom and the freedom of other nations, it is a good thing to give Thanks unto the Lord on this Thanksgiving Day of 1952.

Jaycees Seek State's Outstanding Man

Who is Mississippi's Outstanding Young Man of 1952?

That's the question being asked by the Mississippi Jaycees as they start their fifth annual quest for the young Mississippian who has contributed the most to his state and community.

Nomination blanks have been mailed to every community in the state with the request that nomination be made of any young man between the ages of 21 and 35, inclusive, who has been an outstanding example of young leadership. A panel of judges will select one of those nominated and the State Jaycees will present him with their Distinguished Service Award. Deadline for receiving nominations is January 9. Announcement of the winner will be made at a banquet in Jackson on February 7.

Urges Early Plans For Polio Campaign

The record shattering increase in polio cases this year has made urgent early organization to insure that the next March of Dimes drive will be the greatest in history. Mrs. Theo. Tudury, Hancock County chairman declared today.

"We heard both good news and bad news at the recent meeting. A staggering total of 4,000 more cases a week during late September and a slow decline in October had piled up a terrific number of new patients and the epidemic aid funds of the National Foundation for Infantile Paralysis are already at low levels. There are indications now that 1952 will have from 55,000 to even more than 60,000 cases of polio. This is by far the worst year in all history.

"The National Foundation is meeting the emergency with all its resources. Medical care is available for all patients, with financial assistance provided for those needing such aid. Drain on chapter funds, however, is terrific.

"Plans therefore have been made to recruit the greatest force of workers ever enrolled in the March of Dimes, so that the drive from January 2 through January 31 will raise the added funds which must be contributed this year. We must continue to care for the thousands and thousands of victims who have known the tragedy of infantile paralysis and at the same time pursue the now-promising search for a polio preventive.

The summary of the situation is reported as follows:

The bad news: Polio is rolling up a much higher total of cases

than in 1951. The figures are: As of October, a total of 47,865 cases compared with 28,852 for the same period last year.

The good news: National Foundation headquarters is assisting hundreds and hundreds of chapters that have exhausted their funds. To date this year funds to aid chapters total \$6,680,960. Emergencies have been met with 2,002 iron lungs, 492 hot pack machines. Nurses sent to critical areas now total 1307, with many more needed.

The good news: The crippling effects of the disease have been greatly reduced due to prompt diagnosis and improved treatment sponsored by the March of Dimes.

The good news: The fight against polio at last seems on the road to scientific success. Announcements of an important nature in the field of research may be expected soon. The turning point in the fight, according to scientists, is approaching. We are winning.

Paramount importance of early organization was stressed at the meeting. Speakers were enthusiastic over the success of the drive last year and there was unanimous expression that many more workers will join the March of Dimes of 1953. Millions of dollars are needed to care for patients and keep up the ceaseless program of research and professional education, it was said.

One of the features of the 1953 campaign will be a greatly expanded "Mothers' March on Polio," in which over two million women are expected to participate. Those attending the meeting represented the states of Alabama, Arkansas, Florida, Louisiana, Mississippi and Texas.

MISS KATHRYN MARIE GORDON

is engaged to John Robert Boh, son of Mr. and Mrs. Roger Milton Boh of Bay St. Louis. Her engagement and approaching marriage is formally announced by her parents, Mr. and Mrs. William Raymond Gordon, of New Orleans and Waveland, Miss.

Warren D. Coss of New York, national director of fund raising for the National Foundation, presided at the sessions. Speakers included Joe Nee of New York City, assistant director of fund raising, Dr. Clair E. Turner of Boston, in-charge of the National Foundation's relations with schools and colleges and Tom Wrigley of Washington, D. C., publicity consultant.

An interesting highlight of the meeting was the address on "Research in Poliomyelitis" given by Dr. G. McGliven, Washington, D. C.

Has Card Party

A canasta and keno party was given Tuesday night in St. Joseph Memorial Hall for the benefit of the St. Stanislaus Band Auxiliary. Mrs. Joseph R. Scharff, chairman, has reported that the affair was a success.

R. Bressler, Arthur Chapman and Arthur Loiacano were in charge of the keno game. Members of the band and Brother Martial sold soft drinks.

The electric popcorn popper, donated by Jitney-Jungle, was won by Mrs. A. C. Mitchell; Mrs. L. S. Elliott won the cake donated by Mrs. Lucien Gex; a handmade scarf, given by Miss Mary Weingerter, was won by Mrs. Lucien Kidd; Mrs. Joseph Kenna's cake was won by Mrs. J. R. Scharff; and the cake from Mrs. Emily Lacoste was won by Mrs. Henry Capdepon.

The chairman would like to take this opportunity to thank the Yacht Club for the "use of their tables, Frank Trapani for the use of his keno set, and the givers of St. Joseph, and all who helped make it a success.

Stationed at Lackland

Frank J. Langenbacher Jr., who enlisted in the U. S. Air Force October 20, is now stationed at Lackland Air Force Base, San Antonio, Texas.

Frank, who is the son of Mr. and Mrs. Langenbacher Sr., the grandson of Charles Langenbacher and nephew of Mr. and Mrs. Louis Sellers, was employed at Gulf Chevrolet before enlisting.

LETTERS

FOOD FOR THOUGHT

Inas much as the local papers provide space to air out our civic problems, if signed by the writer, I want to call to the attention of the citizens of Bay St. Louis, a condition that will confront us in the near future unless something is done about it.

The purpose of this letter is to create discussion among the local folks so that they may state their views through the local press in this column, which, I am sure will be published if signed.

I refer to the complete demolition of the present wooden bridge across St. Louis Bay upon the completion and opening of the new concrete structure. Whether you are informed or not, it is included in the cost of the contract for the building of the new bridge, as held by Merritt, Chapman & Scott, to remove the old structure in its entirety and this clause runs well over a Hundred Thousand Dollars.

At the regular session of the State Legislature in 1952, H. B. 384 was introduced and passed by our local Representative which provided that 2000 feet of the old structure, be left standing on the Bay St. Louis side, which would be used as a fishing pier and later for a consideration of \$1.00, the Hancock County Board of Supervisors would buy this part from the Highway Commission—obligating themselves to maintain same and keep in good repair. This action was taken by the Board at the regular meeting of April 14.

It is quite evident that all of this maintenance cost would come from the funds of Beat Five. Do you think that Beat Five can take on this added obligation and carry on improvements and the maintenance of its present requirements? I don't!

Then consider, please that if, within one or two or ten years, this structure, from which mind you, no one ever caught a fish or a crab because of the shallow depth, rots or burns down, (one of the other sure to happen) the sight of rotten or charred stub piling, will only mar the beauty of the sand beach, which I think this community was fortunate to fall heir to without cost, and we could have had more of it, had we all been on the ball.

I am sure that as this letter appears over my signature and as this old eye sore will remain directly in front of the Reed, it left standing, some FEW folks will say that it is written with a

selfish motive. In answer to this, I cite to you my 12 years of living in your midst and my active support of all community efforts for betterment.

I can visualize this wreck as standing there for years as a result of our not taking any action to prevent it being there. I think we should at this time discuss this local problem and either take steps to prevent it becoming a thing of ugliness, or just let it drift along and like the piling from the old steam ferry days (still visible after all these years) which should be a reminder that we sat idly by, living only in the present and forgetting the future.

H. W. LeTISSIER.

Attends Meeting

Leo Parker attended the Martin Outboard Motor meeting at Arnaud's Restaurant in New Orleans Monday.

Jack LaNasa, district manager for Martin Outboard Motors in Mississippi and Louisiana, was in charge of the sales meeting. He spoke of the 1953 motors, which will be shown in January and will feature the Martin outboard motors Models 100 and 75 with quick shift. They will also have a special design of 45 motors.

—Rev. and Mrs. H. Bufkin. Oliver from Baltin, Miss., came over for the funeral of Mrs. W. L. Bourgeois.

—Miss Noelle Dick spent the weekend in New Orleans with her brother-in-law and sister, Mr. and Mrs. H. S. Stanley Jr.

Mrs. Carmelita Saucier announces the engagement and approaching marriage of her daughter Arina Mae, to Alfred Gouffrey Jr., of Bay St. Louis.

The wedding will be celebrated Friday, November 28, at 7:30 p. m. A small reception will be held at the home of the bride's mother on Necaise avenue.

Members of the family and friends are invited, through this medium, to attend.

—Mrs. John Shubert and son, Francis, left Wednesday for Kansas to meet Mrs. Shubert's grand son, Tommy Parsons. Tommy is going to make his home here with his grandparents.

—Miss Patricia Coig of Metairie, La., visited the Forest L. Favres last weekend.

County Agent's Notes By HOWARD SIMMONS

Mississippi dairymen should pull out "free boarders" from their herd. Individual records on amount of milk and butterfat produced by each cow is an essential to proper dairy herd management.

In some Mississippi herds the lower producing one-fourth, one-third or even one-half should be culled out. The remaining portion, if fed the roughage that the culled have been eating, would produce just as much milk and at considerably more profit than the entire herd has been producing.

Three good reasons for record keeping on an individual cow basis are:

1. To cull low-producing, unprofitable cows from the herd.
2. To feed concentrate feeds to the remaining cows in proportion to their individual producing ability.
3. To select the best animals in the herd as breeding stock to improve the inheritance of the future herd for high producing ability.

SHEEP MANAGEMENT
Do not wait until ewes begin losing a lot of weight before starting to supplement their feed. A heavy coat of wool is often misleading, and about the only way to be sure about the condition of ewes is to place your hands on them. Feel them over the back, ribs and loins.

It will take around 100 pounds of grain plus about 300 pounds of good legume hay to winter each ewe where no grazing is available. However, more may be needed this winter.

Poor feeding during pregnancy will result in lambs coming small, deformed and weak.

Ewes nursing lambs should get one to one and a half pounds of grain and two to three pounds of good legume hay daily. If legume hay is not available, feed one-fourth pound of protein meal per day to each ewe with corn and an allowance of grass hay. Silage can replace part of the hay. Feed two to three pounds of silage in place of one pound of hay.

Pregnancy disease is common among ewes that are underfed during the gestation period. Lack of exercise during the late pregnancy seems to speed up the number of cases.

After ewes come down with this disease, one-half cup of syrup given as a drench in a quart of water three or four times a day will usually bring recovery. However, this cure is only partially effective. Prevention with proper feeding and enough exercise is better than the cure. If ewes fail to take exercises, it will pay to force them to walk a mile or half a mile a day.

Give full treatment to ewes for internal parasites six weeks before lambing. Symptoms of worms are scouring, occasional swelling under jaw, bleaching of eyelids and general run-down unthrifty appearance.

Creep feeding lambs will pay when grazing is short. A good ration for creep feeding is cracked or whole shelled yellow corn, or equal parts by measure of cracked corn, oats and wheat bran. Lambs will begin eating from a creep when they are about three weeks old.

Ask your county agent for a free copy of Extension Publication 222, "Sheep Management."

TRACTOR MAINTENANCE
Although tractors are normally used only for slight work during winter, proper maintenance should be done on them at regular intervals.

Social Security Benefits

Many people have not been aware of the benefits to which they are entitled under the Social Security part of the Public Employees' Retirement System. If you are 65 years of age, or over, and if you have been covered currently for at least six quarters, you may now retire under Social Security at any time you desire. However, if you retire before February 1, 1953, you will not receive any benefits from the State Retirement Annuity part of this system.

Also, if you retire between the ages of 65 and 75, you cannot earn over \$75 per month in covered employment and still draw Social Security benefits. However, if you are over age 75, and have been currently covered by Social Security for six quarters, you may draw full Social Security benefits and continue to work in your regular employment and make your full salary, and continue to qualify for the State Retirement Annuity benefits. There are no restrictions as to benefit payments under Social Security after age 75.

If death occurs, the widow with dependent children, under age 18, is entitled to monthly Social Security benefits so long as her children are under age 18, provided she does not work in covered employment and earn over \$75 per month. In such cases, the dependent children would still be entitled to their benefits. Also, persons who are 65 years of age, or over, and who are employed for 6, 8, 9, or 10 months in the year, and who do not earn over \$75 per month in covered employment, the remaining months of that calendar year, are entitled to draw Social Security benefits for the months in which they do not earn such a salary. If you meet any of the above qualifications, please contact your nearest Social Security office and make a claim for the Social Security benefits.

With regard to the State Retirement Annuity phase of the Public Employees' Retirement System, the first payments for this part of the system are due on salaries earned in February 1953, and retirement benefits may begin any time after February 1, 1953.

A tractor doing very light work like pumping water and sawing wood, should be brought up to regular operating temperature and kept there. This will prevent engine damage and will save on fuel.

Be sure that you do not retire too soon and lose your benefits under the Retirement Annuity part of this system. The Retirement Annuity part will be handled directly from the Public Employees' Retirement Offices at 1107 Woolfolk Building, Jackson, Mississippi.

Returns From Texas

Mrs. Nellie F. Nelson, Bay St. Louis delegate, has returned from Houston, Texas, where an estimated 4000 women from all over the United States, Hawaii and Canada met to celebrate the 60th anniversary of the Woman's Benefit Association.

The convention opened with a tour to the battlefield of San Jacinto where the delegates viewed the San Jacinto monument and the battle site. They visited the museum, followed by a banquet that night in the Shamrock hotel.

Delegates were greeted by the Mayor of Houston, and heard an address by Miss Agnes E. Koob, Supreme president of the organization.

Thursday the women met in the City auditorium for a pageant in which more than 3000 members formed a flower garden; the affair was highlighted by the coronation of an anniversary queen, Miss Shirley Carroll of Dearborn, Mich.

Friday's plan included an all-day rodeo at Rockin' R Ranch where riding and roping events were witnessed. A chuck wagon luncheon and square dance were enjoyed by all.

In reviewing the work of the Woman's Benefit Association, Mrs. Koob called attention to the fact that the organization's policy has been to participate in worthy causes of civic, national and international significance.

Mrs. Pearl H. Croy, State Field Director, who is returning to her home in Birmingham, Ala., was the guest of Bay St. Louis Review No. 10 and Gulfport Review No. 9 on Wednesday and Thursday of this week.

Mr. and Mrs. Jerome Carver and their daughter, Miss Betty Carver, spent Sunday in New Orleans.

at \$33.50 per lenial foot.

It being understood, however, that an additional \$4500.00 is to be added to contract if new seawall is to be put in present location. This additional \$4500.00 represents cost of removing old seawall which is presently buried with sand.

New wall can be placed with 5 foot offset extending east from old wall and then tied back into old present wall. If new location is desirable no extra cost will be charged over the quoted \$33.40 per foot.

Respectfully submitted, Roger A. Heitzmann General Contractor

REQUEST OF MISS BARBARA SICK Whereas, Miss Barbara Sick has filed with this Board a request in the following words and figures, to-wit: Bay St. Louis, Miss. August 15th, 1952

HONORABLE BOARD OF SUPERVISORS Hancock County, Miss. Gentlemen: I wish to state that when I came to work in the Clerk's Office, I was employed by Mr. A. C. Mitchell, who came to my house and asked me to accept the job of Deputy Clerk in his office.

My salary was fixed by him and it was my understanding that I was to be paid by him, later it was increased because of taking on additional work.

By no request of mine, a portion of this salary was then passed on to the Board, I object to this as it subjects me to possible dictation on the part of those members of the Board who may have antagonistic views to mine, and I sincerely believe to Mr. Mitchell. For this reason, I wish to be taken off the Board's payroll, and if Mr. Mitchell wishes to continue employing me to put me back on the status of his employee.

My present salary was increased and is now \$183.00 per month and of course I expect to continue to receive this amount.

Regardless if I am employed in the Courthouse, or not, you gentlemen must realize, that I will have access to the meeting and all public records, as a citizen and taxpayer of Hancock County.

I appeared before you this morning, and asked that you take my name off the minutes of the Board of Supervisors, as I do not care to be subject to criticism, possibly many of them in opposite directions.

Mr. A. C. Mitchell, as I stated before you was elected on a good government ticket, and gives me as I feel that he continues in that line, I will not resign and continue working for him.

Please give this your prompt attention, and I beg to remain, Very sincerely yours, Barbara A. Sick

(S) therefore on motion of Supervisor

Jones, duly seconded by Supervisor Kellar, it is ordered, that the name of Barbara A. Sick be removed from the minutes of the Board of Supervisors, and that the Board of Supervisors, do not employ her pay from Hancock County.

MATTER OF PAYING MISS BARBARA SICK Be It Ordered by the Board, that the Clerk of this Board, issue warrant out of the County Fund in payment of \$183.00 per month for 1/2 month in payment of the salary of Miss Barbara Sick, with request of Mr. Mitchell, to be paid amount of \$91.50.

Conservation News

Alfred E. (Ford) Smith, Co-operator with Hancock County Soil Conservation District of Sellers School Community beats the drought by grazing his daily cows on Bahia and Knudza pasture.

Smith has established 2 acres of Knudza and 18 acres of Bahia grass, in addition to 18 acres of Reseeding crimson clover for winter pasture. "I grazed my cows on the Bahia pasture until early October, then turned my cows on the Knudza. My cows increased their milk production ten gallons per day, and they remained on the Knudza for thirty days. As far as I can determine the drought did not affect the growth of the plants during the dry period. I have learned that Bahia grass and Knudza has solved my pasture problems for the summer and fall grazing. Of course, I have crimson and white dutch clover on 18 acres which gives my cows good grazing. I am planning more pasture to take care of my herd during dry seasons," Smith said.

Smith has established almost all the Soil Conservation practices on his farm outlined on his conservation plan.

Rufus Mitchell, Cooperator of

Flat Top community is busy constructing a W-ditch to drain wet-bottom lands. Mitchell is busy planting Ky. 31 Fescue and Lino clover on his farm, for winter and spring pasture. SCS Technicians assisted Mitchell to survey the W-ditch. F. H. A. is assisting Mitchell with his pasture financing.

James L. Crump, Cooperator, Holly Bluff, on the Jordan, completed maintenance on firebreaks last week. Crump has 3600 acres in his farm and every acre is protected by a firebreak.

E. D. Rivers, Soil Scientist, Hattiesburg, recently mapped 14 farms in Hancock County's Soil Conservation District. When these maps are completed, Conservation plans on these farms are to be completed by spring.

Altar Society Elects

Mrs. Ben F. Hill was named president of the Altar Society of Our Lady of the Gulf by the nominating committee at the regular meeting this week. Mrs. Alden Mauffray was nominated first vice-president; Bernard Farrelly, second vice-president; Mrs. Horace L. Kerger, secretary; Mrs. George Batallora, treasurer. The committee report was given by Mrs. E. M. Heath, chairman.

St. Margaret's Daughters and the Altar Society have two children to clothe this year. Mrs. Mauffray will prepare the box for the girl, and the boy's box

will be prepared by Mrs. V. J. Piazza.

Mrs. Bernice Fayard reported on the meeting of the National Council of Catholic Women at which time officers were elected. Upon the motion of members it was voted that extra aid be given Sister Antoinette for the months of November and December, and that money be given for Christmas flowers for the church.

Mrs. C. R. Beyer, chairman of the cake sale, was given a vote of thanks for her work in this successful venture, and Mrs. V. J. Piazza requested help in securing donations for Christmas stockings for the Veterans' Christmas party.

It was announced that the Altar Society will sponsor an organ recital December 17 at 8:00 p. m. in Our Lady of the Gulf church. Mrs. Ben Hill is in charge of the recital. Refreshments were served at the close of the meeting by Mesdames C. Bouis, Heath and Ernest Yates. Hostesses for the December meeting will be Mesdames George Stevenson and V. Piazza.

Social Security Quiz Questions and Answers

Do you know your rights under the Social Security program? The Sea Coast Echo, in cooperation with Mrs. Lula Wimberly, field office manager, Gulfport, Miss., is publishing a series of question and answer columns explaining the new program.

The questions will be drawn from those most frequently asked by persons who have made inquiries at the field office.

If you have a question that you would like answered, address your letter to the Social Security Office, 1214-24th Ave., Gulfport, Miss. That office will reply direct to you.

WEEKLY NEWS LETTER

by W. F. Bond, Director of Public Relations
State Department of Public Welfare

An effort is being made in every way we know how to get the facts about the Welfare Program to every citizen of the State so that the taxpayer will know what his money is being used for and those who are receiving public assistance may know why they are receiving this help and those who are applying for assistance and are rejected may know why they were not put on the payroll. A weekly newsletter on this matter is sent to every paper in the State, nearly all the radio stations are carrying a message once a week about the Welfare Program, and we are giving the facts to all civic clubs that will invite us to do so. We urge every person who knows the facts about the Welfare Program to please pass this information on to others who have need of it.

\$25.00 a week. Can she get social security credit for these earnings?

Answer: No. The services of one spouse for the other are not covered under the Social Security Act. However, if she is a partner in the business she may come under the law as self-employed individual, if her net earnings for the taxable year are at least \$400.00.

Question: What is the minimum monthly social security benefit payable to a wage-earner at retirement?

Answer: \$25.00.

Question: My husband was killed in Korea last month. He was in service 16 months. Can I get my social security benefits for our child?

Answer: Yes, both you and child may be eligible for benefits. Consult our office soon.

Question: How soon after I retire will I start drawing my Social Security benefits?

Answer: As soon as you file a claim for them, establish that you are 65, and have worked the required time set out in the law.

QUESTIONS AND ANSWERS ABOUT EMPLOYMENT SECURITY

By
Sam Lumpkin
Executive
Director,
Mississippi
Employment
Security
Commission

This is the first of a series of articles to be carried in this paper each week explaining the Mississippi Employment Security Commission and the Employment Security Program. This includes both the placing of people in jobs through the Mississippi State Employment Service and the payment of unemployment insurance benefits to persons out of work through no fault of their own.

Because the employment Security Program is often confused with the Social Security Program, the first three articles will be devoted to distinguishing between these programs and explaining how the Employment Security Commission is organized and how it operates.

Q. Is Social Security and Unemployment Insurance the same thing?

A. No. Unemployment Insurance is handled by the Mississippi Em-

ployment Security Commission. It provides job insurance to protect workers from want when they become unemployed through no fault of their own. Old Age and Survivor's Insurance is handled by the Federal Social Security Administration. It provides an income for the families of workers who die, and provides an income for workers when they reach the age of sixty-five. The two programs are completely separate.

Q. Does the money that comes out of a worker's pay check for Social Security go to pay for his Unemployment Insurance?

A. No, it only goes to pay for his Old Age and Survivor's Insurance. Unemployment Insurance is financed by a pay roll tax paid by all employers who work twenty or more persons during twenty or more weeks of the year.

Q. If the two programs are separate why is it that people go to the employment office in some towns to fill out social security applications?

A. The Social Security representative often uses a desk in some employment offices so that people can find him easily, that is all.

Next week our topic will be the Federal Unemployment Tax Act and the relation it bears to Unemployment Insurance as administered by the State of Mississippi.
